

Operation ID Has Two Basic Components

1. Engrave your valuables with your driver's license number so your property can be easily traced and identified as yours. Engrave as follows: AL1234567

- Engrave in two locations: 1) one that can easily be seen, and 2) one that cannot easily be seen.
- Photograph or videotape items and keep the photos/tape in a fireproof safe or safety deposit box. Items that cannot be engraved such as jewelry and other collectibles should be photographed with an ID card and ruler next to it to show ownership and size.
